North Sky Capital Hires Experienced Fundraising Professional to Enhance Business Development Capabilities

Minneapolis, MN – North Sky Capital is pleased to announce that Andrew Harris has joined the firm as a Principal. “We are excited to welcome Andrew to our business development team,” said Scott Barrington, Chief Executive Officer. “He brings a wealth of knowledge and experience in private markets fundraising and will further accelerate the growth of our series of impact funds.”

Prior to joining North Sky Capital, Andrew was a Senior Vice President at Threadmark, an advisory firm that specializes in raising capital for real asset funds in North America and Europe and, before that, he was a Vice President at Forum Capital Partners, where he raised capital for various private equity funds. During his career, he has worked on approximately 50 fundraising campaigns, nearly half of which were for infrastructure or secondary funds or transactions. “Andrew has extensive experience raising capital for both infrastructure and secondaries, which makes him an outstanding fit for our firm,” said Mike Pohlen, Managing Director.

North Sky manages two private investment strategies: (1) greenfield clean energy infrastructure (the Alliance funds) and (2) impact secondaries, whereby the firm acquires limited partnership interests in impact/ESG funds, often at a significantly discounted purchase price (the Clean Growth funds). North Sky is one of the most experienced impact investing firms in the United States, based on the six impact funds it manages and its early entry into private markets impact investing in 2005.

Andrew has a long-standing commitment to environmental and social matters, which includes professional work on clean energy and healthy living & aging funds, as well as his personal work with the Resolution Project, which develops socially responsible young leaders and empowers them to make a positive impact across the globe. “He understands that the attractive returns profiles of our funds offer a terrific opportunity to expand the appeal of impact investing to all investors, big and small. He is going to be a tremendous asset to the firm,” said Danny Zouber, Managing Director.

North Sky Capital is a registered investment adviser and a leader in impact investing with \$1.2 billion in committed capital across its various funds. North Sky was established in 2000 and is based in Minneapolis, MN and New York, NY. For more information, visit www.northskycapital.com.
